Christian Barman (1898-1980) for HMV (His Masters Voice)

Room Heater, designed 1934, manufactured 1938

Metal

New types of products, like this convector heater, provided opportunities for experimenting with modern treatments. This design with its four tiers deflecting warm air down and out, created a decorative effect with its curvilinear, streamlined form and stylish cream enamel finish. It also came in reflective chrome.
