Object Twins

Devised by artist
Ian Brownlie

*This activity will help you to look at familiar
objects from your home in a new way*

*These objects from the Sainsbury Centre collection
may have twins, relations or representations
around your home. Take a look, see what
you find, and share your results with us.*

First, look carefully at an object from this collection.

What is the first thing you notice?

What shapes and colours can you see?

Is the surface shiny and smooth or rough and bumpy?

Then it's time to explore your home...
what objects can you find that share similar features?

*Fancy making something in response to an object or its twin?
In need of inspiration?*

You will need a pack of playing cards.
Choose one of the objects and pick a card.
Be guided by the choice.

Sculpt

*Salt dough, boxes, paper
and tape, modelling clay,
or possibly Lego?*

Sketch

*Pencils, felt tips, biro, chalks,
gel pens, or perhaps a
chopstick on tin foil?*

Collage

*Magazines, paper, string,
old greetings cards, kitchen
utensils, or scrap fabric?*

Paint

*Poster paint, watercolours,
a brush and water on a sunny
path or maybe wet tea bags
tied to sticks?*
